On motion of Mr. Purl, the Sergeant-at-Arms was instructed to bring in all absent members within the city who are not ill.

Mr. Nicholson raised the following points of order on further consideration of the motion by Mr. Hubbard:

I raise the following points of order against the adoption of Senate amendments to House bill No. 6:

First: The amendment proposed by the Senate which seeks to incorporate in the bill provisions for the levy and collection of registration charges upon motor vehicles changes the original purpose of the bill, which provided alone for the levy and collection of a tax upon motor fuel, and, for the reason stated, is in violation of Section 30 of Article III of the State Constitution, which is expressed as follows:

"Laws to be passed by a bill; amendments.—No law shall be passed, except by bill, and no bill shall be so amended in its passage through either house, as to change its original purpose."

Second: The amendment proposed by the Senate which seeks to incorporate in the bill provision for the collection of registration charges upon motor vehicles has the effect of adding an additional subject to the bill, which, if so amended, would contain the subjects of excise or occupation tax upon motor fuels and registration charges upon motor vehicles, in which form the bill

would be in violation of Section 35 of Article III of the State Constitution, which is expressed as follows:

"Bills to contain but one subject, which must be expressed in title.—No bill (except general appropriation bills, which may embrace the various subjects and accounts for and on account of which monies are appropriated) shall contain more than one subject, which shall be expressed in its title; but if any subject shall be embraced in an act which shall not be expressed in the title, such act shall be void only as to so much thereof as shall not be so expressed."

Third: The amendment proposed by the Senate which seeks to incorporate in the bill provisions for the collection of registration fees upon motor vehicles has the effect of originating a revenue-raising measure in the Senate, and for that reason is in violation of Section 33 of Article III of the State Constitution, which is expressed as follows:

"Bills for raising revenue.—All bills for raising revenue shall originate in the House of Representatives, but the Senate may amend or reject them as other bills."

The Speaker overruled the points of order.

Mr. Nicholson appealed from the ruling of the Chair, and the appeal was not seconded.

Question then recurring on the motion by Mr. Hubbard, it prevailed by the following vote:

Mr. Quinn moved to reconsider the vote by which the House concurred in the Senate amendments and to table the motion to reconsider.

The motion to table prevailed.

Reason for Vote.

I have doubts as to the constitutional propriety of combining both the gas tax and the registration tax in one bill, and I voted "nay" on the 4-cent gas tax, but I vote "yea" now, so that this can go into immediate effect, as the House is overwhelmingly for it.

AFTERNOON SESSION.

The House met at 2 o'clock p. m. and was called to order by the Speaker.

TO PROVIDE FOR A NEW CONFERENCE COMMITTEE ON HOUSE BILL NO. 2.

Mr. Quinn offered the following resolution:

H. C. R. No. 18, To provide for a new conference committee on House bill No. 2.

Whereas, There is a possibility of avoiding a third Called Session of the Forty-first Legislature by disposing of certain important measures now pending before the Legislature; and

Whereas, One of these important measures now pending is an educational bill known as House bill No. 2, which is now in the hands of a free conference committee of this Legislature; and

Whereas, Said free conference com-

mittee has been unable to agree on this measure and seems hopelessly deadlocked and the brief time remaining for the transaction of business at this session renders it improbable that this measure can become a law at this session unless a committee report is had at once; and

Whereas, There is a possibility of a new and different committee reaching an agreement; therefore, be it

Resolved, That unless the present free conference committee reaches an agreement and makes a report by 3 o'clock p. m., July 1, 1929, that the Speaker of the House and the President of the Senate be, and they are hereby instructed to immediately appoint a new and different free conference committee from their respective memberships, the personnel of which may include one member from each House of the present free conference committee and such new committee shall immediately proceed to consider said bill, and if able to agree, make its report thereon.

The resolution was read second time.

Mr. Sanders raised a point of order on further consideration of the resolution on the ground that the time for the consideration of resolutions has expired.

The Speaker sustained the point of order.

RELATING TO HOUSE BILL NO. 2.

Mr. Justiss moved that the House remove the limit that the House placed on the House conferees on the conference committee on House bill No. 2.

The motion prevailed.

CONFERENCE COMMITTEE REPORT ON HOUSE BILL NO. 163.

Mr. Sanders called up, for consideration at this time, the following conference committee report:

Committee Room,
Austin, Texas, July 1, 1929.

To the Honorable Barry Miller, Lieutenant Governor, Senate of Texas, and Honorable W. S. Barron, Speaker of the House of Representatives.

Sirs: We, your free conference committee on House bill No. 163, beg leave to report the following:

F. C. H. B. No. 163, A bill to be entitled "An Act providing for the open season on squirrels in certain counties; providing a penalty, and declaring an emergency."

Be it enacted by the Legislature of the State of Texas:

Section 1. It shall be unlawful for

anyone to hunt, take or kill any squirrel, except during the months of November, December and January of any year, in the following counties: Panola, Rusk, Angelina, Tyler, Sabine, San Augustine, Nacogdoches, Jasper, Newton, Cherokee, Jefferson, Orange, Hardin, Liberty, Shelby, San Patricio, Chambers, Polk, Trinity, San Jacinto and Walker.

Sec. 2. Anyone who shall hunt, take or kill any squirrel in the counties named in this act at any time except during the months of November, December and January, shall be deemed guilty of a misdemeanor and upon conviction shall be fined in a sum of not less than ten (\$10.00) dollars nor more than fifty (\$50.00) dollars and his hunting license shall be automatically cancelled and he shall not be entitled to receive another such license for a period of one year from the date of his conviction. Provided, that each squirrel taken or killed in violation of this act shall constitute a separate offense.

Sec. 3. The fact that the present law on squirrels does not give adequate protection to the counties named herein and public sentiment in these counties demands that the present open season on squirrels be shortened, creates an emergency and an imperative public necessity that the constitutional rule requiring bills to be read on three several days be suspended and this act take effect and be in force from and after its passage, and it is so enacted.

If any work be not done or the place not filled by the appointment of a person, for whom a salary is herein fixed, then such salary shall lapse and be returned to or left in the State Treasury; provided, that no person whom any salary is herein fixed shall be allowed to draw more than the amount of such salary from any other salary or amount herein fixed, or from any fees authorized to be charged, or from any State fund or funds under the control of the governing authority of such particular institution; and provided that if any amount herein fixed for any particular purpose be not used for such purpose, in whole, or in part, the unused portion of such fixed amount shall be returned to or left in the State Treasury; provided further, that this language shall not be construed to prevent promotion, or the transfer of one employee from the position for which employed, having affixed thereto one salary, to another position having affixed a different salary.

When, under this bill, the family of one superintendent, officer or employee of any of the said institutions, are permitted to live at said institution, and furnished with board, fuel, lights, laundry, water, housing, or furnished any of said things, the word "family" shall be construed to mean the immediate family of said superintendent, officer or employee, including himself, wife and minor children only, and when any officer or employee is to be furnished with provisions not to exceed some certain amount stated, it shall be the duty of the store-

keeper and accountant to charge said superintendent, officer or employee with each item of provisions as furnished him, showing the price or value thereof, and said storekeeper shall not permit the amount authorized to be exceeded, and shall make a monthly report of same to the Board of Control and said Board of Control shall be charged with the duty of seeing that no account for such provisions exceeds the amount allowed therefor.

And it shall be further provided that the heads of all said institutions hereinbefore mentioned shall keep a record of the absences of the various employees and the reasons therefor, whether from sickness, vacation, or leave of absence, and that the record of such absences be incorporated in the report made annually by the head of said institution.

Provided, that all new buildings authorized by this act, costing more than \$10,000.00, and for which appropriations are hereby made, except as otherwise provided, shall be of fireproof construction.

The amounts appropriated in this act are intended to cover and shall cover the entire cost of the respective items; and shall not be supplemented from any other source whatever, and no portion of the money appropriated for any particular item shall be used or expended for any other item than that for which such appropriation was made; and no salary for which an appropriation is made herein shall be paid to any person unless such person actually discharges the duties of the position for which such appropriation was made; and no portion of an appropriation for one position shall be paid to any person holding any position other than that for which such appropriation was made; and it is especially provided hereby, that all contracts and undertakings entered into, under and by virtue of the terms hereof, for improvements, enlargements and repairs on buildings and grounds, and for the construction of new buildings and for furnishings and equipment of buildings, shall be made strictly within the limits and terms of the appropriations made for such purposes, and it shall be the duty of the Board of Control of the various institutions, in the consideration and adoption of plans, specifications and contracts therefor, not to exceed such appropriations nor to incur any obligations in excess thereof.

Sec. 2. Any superintendent of any of the foregoing institutions named in this bill, for which an appropriation is made herein, or any other person charged with the duty of disbursing the funds appropriated herein, who shall knowingly violate any of the provisions of this act shall be deemed guilty of official misconduct, which shall be, and the same is hereby made, a ground for the removal of such person from office.

Sec. 3. The fact that the above and foregoing is one of the regular appropriation bills for the support of the State eleemosynary institutions for the two fiscal years beginning September 1, 1929, and ending August 31, 1931, creates a necessity for the expediting of the passage of this appropriation bill, and an emergency and an imperative public necessity which demands that the constitutional rule requiring bills to be read on three several days be suspended, and that this bill become effective from and after its passage, and it is so enacted.

On motion of Mr. Wallace the report was adopted by the following vote:

Provided, that all departments shall be allowed to close at 4 o'clock p. m. on Saturdays; and provided, further, that the head of any department shall be authorized to excuse one-half of the employees of such department at noon on Saturdays, and that such Saturday afternoons shall not be construed to be a part of the twelve days' vacation provided for above.

The following rules shall be observed by all employees in rendering their expense accounts to the head of the department wherein they are employed, before an expense account shall be paid from appropriations herein made for "traveling expense," for employees:

1. There must be a concise statement of the duties performed and the points from which the employee travels, the hour of arrival at and departure from the designated post of duty and all other towns visited and the object of such visit and the specific expenses incurred shall be clearly shown.

2. The name of hotel, restaurant, boarding or rooming house at which meals and lodging are procured shall be given in every case.

3. Fees, as tips to waiters on dining cars, or at hotels or restaurants shall not be approved.

4. The use of railroad scrip books and other forms of transportation provided at the expense of the State for the heads of all State departments, except the Adjutant General's Department, and institutions and their employees, except passes authorized by law, are hereby prohibited, and hereafter all railroad and other transportation shall be paid in cash and properly listed in expense accounts rendered. Tax exemption certificates shall be used in all cases where the State is exempt from the payment of Government tax under Federal provision. The State Comptroller shall be governed accordingly in the issuance of warrants covering payment for railroad scrip books and other forms of transportation.

That it shall be the duty of each and every department of the State Government to make a sworn itemized statement to the Board of Control quarterly of the amount, if any, expended by said department, and especially for traveling expenses.

Provided, that no department included in this act shall use any of the means or funds appropriated to such department, either directly or indirectly, for the purpose of sending out literature, propaganda, letters or bulletins, or any other matter, printed or written, or that will influence, or tend to influence in any way the passage or repeal of any law or appropriation affecting any department included in this bill; and provided, further, that no stenographer or clerk whose salary is paid from public funds, or who is employed in any way in any department included in this act, shall, in any way, be used or employed in preparation of or mailing out of, or in any way handling such literature, propaganda, letters or bulletins, or any other matter, printed or written, that will influence, or tend to influence, in any way, the passage or repeal of any law or appropriation affecting any department included in this act, and no such work shall be done or performed in any of the offices or rooms of the Capitol or other State buildings, nor shall any long distance telephone calls or telegrams be paid out of this fund.

Sec. 2. The fact that the above and foregoing is one of the regular appropriation bills for the support and maintenance of the State government for the two-year period beginning September 1, 1929, and ending August 31, 1931, and in the interest of good public policy should be passed as speedily as possible, creates an emergency and imperative public necessity that the constitutional rule requiring bills to be read on three several days be suspended, and that this act take effect and be in force from and after its passage, and it is so enacted.

On motion of Mr. Wallace, the report was adopted.

A BILL

To Be Entitled

An Act fixing the salary of the official court reporter in each judicial district composed of one county only, and in which county there is only one district court; and also in each judicial district composed of two or more counties; and also in each judicial district composed of one county which

county composes also a portion of another judicial district; prescribing the manner of the payment of such salary; and declaring an emergency.

Be it enacted by the Legislature of the State of Texas:

Section 1. In each judicial district of this State composed of one county only, and in which county there is only one district court, and also in each judicial district composed of two or more counties, and also in each judicial district composed of one county which county composes also a portion of another judicial district, the salary of the official court reporter shall be twenty-seven hundred dollars per annum, in addition to the compensation for transcript fees and allowances for expenses now provided by law; said salary to be paid monthly by the commissioners court of the county or counties, out of the general fund of the county or counties, upon the certificate of the district judge; provided, that in any judicial district composed of two or more counties said salary shall be paid by such counties of the district in proportion to the number of weeks provided by law for holding court in the respective counties in the district; and provided, that in a district wherein in any county the term may continue until the business is disposed of, each county shall pay in proportion to the time court is actually held in such county.

Provided, further, that nothing in this act shall be construed as in any way repealing Article 2323 of the Revised Civil Statutes of 1925, nor Chapter 56 of the General Laws of the Regular Session of the Forty-first Legislature, 1929, nor shall this act in any way repeal or amend any local or special law passed at the Regular or First and Second Called Sessions of the Forty-first Legislature of 1929.

Sec. 2. The fact that the present laws are inadequate in so far as they affect the salary of official court reporters in the class of districts mentioned in this act, creates an emergency and an imperative public necessity that the constitutional rule requiring bills to be read on three several days in each House be and the same is hereby suspended, and this act shall take effect and be in force from and after its passage, and it is so enacted.

On motion of Mr. Storey, the report was adopted.

CONFERENCE COMMITTEE REPORT ON SENATE BILL NO. 11.

Mr. Beck called up, for consideration at this time, the following conference committee report on Senate bill No. 11:

Committee Room,
Austin, Texas, July 1, 1929.

Hon. Barry Miller, President of the Senate, and Hon. W. S. Barron, Speaker of the House of Representatives.

Sirs: We, your conference committee appointed by your respective bodies to consider Senate bill No. 11, have had said bill under consideration, and beg to report that we have reached the following agreement, that in lieu of the bill as amended, the following substitute be adopted:

C. C. S. B. No. 11. By Williamson.

A BILL

To Be Entitled

An Act further regulating the operation of vehicles on the public highways; limiting the size and weight of vehicles and loads permitted on any public highway; requiring lights on certain vehicles not heretofore by law required to carry lighting equipment; restricting the stopping or parking of a vehicle on the improved portion of a highway; providing for the erection and maintenance of signs, or markers, on the State highways, prescribing restrictions regarding the speed of any vehicle; prescribing penalties for violations of this act; providing for appointment of inspectors to enforce the provi-

sions of this act and other laws relating to vehicles and traffic on the public highway; repealing all laws or parts of laws in conflict herewith, and declaring an emergency."

Be it enacted by the Legislature of the State of Texas:

Section 1. The following words and phrases, when used in this act, shall, for the purpose of this act, have the meanings respectively ascribed to them in this section, as follows:

"Vehicle."—Every mechanical device in, upon or by which any person or property is or may be transported or drawn upon a public highway, excepting devices moved by human power or used exclusively upon stationary rails or tracks.

"Motor Vehicle."—Every vehicle, as herein defined, which is self-propelled.

"Commercial Motor Vehicle."—Any motor vehicle, other than a motorcycle, designed or used for the transportation of property, including every vehicle used for delivery purposes.

"Truck-tractor."—Every motor vehicle designed or used privately for drawing other vehicles, and not so constructed as to carry a load other than a part of the weight of the vehicle and load so drawn.

"Trailer."—Every vehicle without motive power designed or used for carrying property or passengers wholly on its own structure and to be drawn by a motor vehicle.

"Semi-trailer."—Every vehicle of the trailer type so designed or used in conjunction with a motor vehicle that some part of its own weight and that of its own load rests upon or is carried by another motor vehicle.

"Department."—The State Highway Department of this State, acting directly or through its duly authorized officers and agents.

Sec. 2. It shall be unlawful and constitute a misdemeanor for any person to drive, operate or move, or for the owner to cause or permit to be driven, operated or moved on any highway, any vehicle or vehicles of a size or weight exceeding the limitations stated in this act or any vehicle or vehicles which are not so constructed or equipped as required in this act, and the maximum size and weight of vehicles herein specified shall be lawful throughout this State.

Sec. 3. (a) No vehicle shall exceed a total outside width, including any load thereon, of 96 inches except that the width of a farm tractor shall not

exceed nine feet, and excepting further, that the limitations as to size of vehicle stated in this section shall not apply to implements of husbandry and highway building and maintenance machinery temporarily propelled or moved upon the public highway.

(b) No vehicle unladen or with load shall exceed a height of fourteen feet and six inches, including load.

(c) No vehicle shall exceed a length of thirty-five feet, and no combination of vehicles coupled together shall exceed a total length of sixty-five feet, unless said combination is operated exclusively within the limits of an incorporated city or town.

(d) No train of vehicles or vehicle operated alone shall carry any load extending more than three feet beyond the front thereof.

(e) No passenger vehicle shall carry any load extending more than three inches beyond the line of the fenders on the left side of such vehicle, nor extending more than six inches beyond the line of the fender on the right side thereof.

Sec. 4. Whenever the load or drawbar or coupling on any vehicle shall extend more than four feet beyond the rear or the bed or body thereof, there shall be displayed at the end of such load or extension in such position as to be closely visible at all times from the rear of such load or extension, a red flag not less than twelve inches both in length and width, except that between one-half hour after sunset and one-half hour before sunrise there shall be displayed at the end of any such load or extension a (yellow or red) light plainly visible under normal atmospheric conditions at least two hundred feet from the rear of such vehicle.

Sec. 5. No vehicle without four wheels or less, whose gross weight, including load, is more than 22,000 pounds; no vehicle with six wheels, whose gross weight, including load, is more than 30,000 pounds (axles of this type of vehicle to be spaced over 40 inches apart); no vehicle having a greater weight than 16,000 pounds on any one axle; and no vehicle having a greater weight than 700 pounds per inch width of tire upon any wheel concentrated upon the surface of the highway (said width in the case of solid rubber tires to be measured between the flanges of the rim), shall be permitted or operated on the public highways of this State. When the axles of any vehicle or any combination of vehicles are spaced less than 8 feet apart,

the load on any one axle shall not exceed 10,400 pounds; provided, however, that when any vehicle equipped with not more than two axles shall have one of said axles mounted upon four wheels (two wheels at each end of the axle operating in tandem). The maximum weight permitted on each axle of this type shall not exceed 18,000 pounds.

No commercial motor vehicle, truck, tractor, trailer or semi-trailer shall be operated on the public highway with a gross weight in excess of more than five per cent of its registered gross weight.

Sec. 6. Any license and weight inspector of the State Highway Department, having reason to believe that the gross weight of a loaded vehicle is unlawful, is authorized to weigh the same either by means of portable or stationary scales, and to require that such vehicle be driven to the nearest scales in the event such scales are within two miles. The inspector may then require the driver or operator to unload immediately such portion of the load as may be necessary to decrease the gross weight of such vehicle to the maximum gross weight specified by this act.

Sec. 7. (a) No motor vehicle shall be driven upon any highway outside of the limits of an incorporated city or town drawing or having attached thereto more than one other vehicle except that a motor vehicle with semi-trailer may draw in addition thereto one other vehicle.

(b) The drawbar or other connection between any two vehicles, one of which is towing or drawing the other on a highway, shall not exceed twenty-five feet in length from one vehicle to the other. Whenever such connection consists of a chain, rope, or cable, of greater length than ten feet, there shall be displayed upon such connection a red flag or other signal or cloth not less than twelve inches both in length and width.

Sec. 8. Rate of speed of vehicle.—It shall be unlawful for any person to operate or drive any motor or other vehicle upon the public highways of Texas at a rate of speed in excess of forty-five miles per hour, or to drive or operate a motor or other vehicle within the corporate limits of an incorporated city or town or within or through any town or village not incorporated, at a greater rate of speed than twenty miles per hour. Provided, that it shall be unlawful to operate upon said public highways a commercial

motor vehicle as defined in this act of a gross weight including its load of 10,000 pounds or less at a rate of speed in excess of 35 miles per hour, or such vehicle of a gross weight including its load of as much as 10,000 pounds and not more than 16,000 pounds at a rate of speed in excess of 25 miles per hour, or such a vehicle of a gross weight including its load of over 16,001 pounds at a rate of speed in excess of 18 miles per hour. Provided further, that it shall be unlawful to operate any motor vehicle engaged in this State in the business of transporting passengers for compensation or hire on any highway, road or thoroughfare not privately owned between cities, town and villages at a rate of speed in excess of 40 miles per hour.

Sec. 9. Every motor vehicle, other than any road-roller, road machinery or farm tractor, having a width at any part in excess of eighty inches, shall carry two clearance lamps on the left side of such vehicle, one located at the front and displaying a white light visible under normal atmospheric conditions from a distance of 500 feet to the front of the vehicle, and the other located at the rear of the vehicle and displaying a (yellow or red) light visible under like conditions from a distance of 500 feet to the rear of the vehicle, both of which lights shall be kept lighted while any such vehicle is upon a highway from one-half hour after sunset to one-half hour before sunrise.

A motor vehicle requiring clearance lights hereunder may, in lieu of such clearance lights, be equipped with adequate reflectors conforming as to color and marginal location to the requirements for clearance lights. No such reflector shall be deemed adequate unless it is so designed, located as to height and maintained as to be visible for at least two hundred feet when opposed by the light of a motor vehicle displaying lawful undimmed headlights at night on an unlighted highway.

All vehicles not heretofore by law required to be equipped with specified lighted lamps shall carry one or more lighted lamps or lanterns displaying a white light visible under normal atmospheric conditions from a distance of not less than 500 feet to the front of such vehicle and displaying a (yellow or red) light visible under like conditions from a distance of not less than 500 feet to the rear of such vehicle, which light or lights shall be kept lighted while the vehicle is upon a highway from one-half

hour after sunset to one-half hour before sunrise. Provided, however, that vehicles drawn by animal power may in lieu of such lamps or lanterns be equipped with reflectors as herein permitted for clearance lights.

Every owner, driver or operator of a vehicle while it is upon the main traveled portion of a highway during the period from one-half hour after sunset to one-half hour before sunrise, and at any other time when there is not sufficient light to render clearly discernible any person upon the highway for a distance of at least 200 feet ahead, shall keep lighted all lamps or lighting devices with which such vehicle is required to be equipped, whether the vehicle is in motion or not.

Sec. 10. No person shall park or leave standing any vehicle, whether attended or unattended, upon the paved or improved or main traveled portion of any highway, outside of any incorporated town or city, when it is possible to park or leave such vehicle standing off of the paved or improved or main traveled portion of such highway; provided, in no event shall any person park or leave standing any vehicle, whether attended or unattended, upon any highway unless a clear and unobstructed width of not less than fifteen feet upon the main traveled portion of said highway opposite such standing vehicle shall be left for free passage of other vehicles thereon, nor unless a clear view of such vehicle may be obtained from a distance of 200 feet in each direction upon such highway.

Whenever any peace officer or license and weight inspector of the Department shall find a vehicle standing upon a highway in violation of the provisions of this section, he is hereby authorized to move such vehicle or require the driver or person in charge of such vehicle to move such vehicle to a position permitted under this section.

Sec. 11. The Department is hereby authorized to classify, designate and mark both intrastate and interstate State highways lying within the boundaries of this State and to provide a uniform system of marking and signing such highways under the jurisdiction of this State, and such system of marking and signing shall correlate with and so far as possible conform to the systems adopted in other States.

Sec. 12. The Department, with reference to State highways under its jurisdiction, is hereby authorized to designate main traveled or through highways

by erecting at the entrances thereto signs notifying drivers of vehicles to come to a full stop before entering or crossing any such highway; and whenever any such sign has been so erected, it shall be unlawful for the driver or operator of any vehicle to fail to stop in obedience thereto.

Sec. 13. No unauthorized person shall erect or maintain upon any State highway any warning or direction sign, marker, signal or light, and no person shall erect or maintain upon any highway any traffic or highway sign or signal bearing thereon any commercial advertising, provided nothing in this section shall be construed to prohibit the erection or maintenance of signs, markers, or signals bearing thereon the name of an organization authorized to erect the same by the Department.

Sec. 14. Any person who shall deface, injure, knock down or remove any sign, posted as provided in this act, shall be guilty of a misdemeanor.

Sec. 15. (a) It shall be unlawful and constitute a misdemeanor for any person to violate any of the provisions of this act.

(b) Any person violating any provision of this act, shall, upon conviction, be punished by a fine of not more than two hundred dollars; for a second conviction within one year thereafter such person shall be punished by a fine of not more than two hundred dollars or by imprisonment for not more than twenty days or by both such fine and imprisonment; upon a third or subsequent conviction within one year after the first conviction such person shall be punished by a fine of not more than five hundred dollars or by imprisonment for not more than six months, or by both such fine and imprisonment.

Sec. 16. To insure the adequate enforcement of this act and all other laws relating to vehicles and their use on the public highways, the State Highway Department is hereby authorized to employ not exceeding fifty license and weight inspectors, to be known as a State Highway Patrol, who shall be charged with the duty of strictly enforcing said laws, and sufficient funds are hereby appropriated to pay salaries and expenses of such inspectors. Said inspectors, when appointed, shall be given a commission, signed by the chairman and one other member of the State Highway Commission, and attested by the executive head of this Department; and anywhere in this State they shall have the rights and powers of peace officers generally for the

sole and only purpose of the full and complete enforcement of the provisions of this act and other State laws relating to vehicles and traffic on the public highway.

Sec. 17. If any part or parts of this act shall be held to be unconstitutional, such unconstitutionality shall not affect the validity of the remaining parts thereof.

Sec. 18. Articles 789, 793, 818, 823 and 824 of Chapter 1, Title 13, of the Penal Code of Texas, 1925, and all other laws and parts of laws in conflict herewith are hereby repealed.

Sec. 19. The importance of this measure for the benefit of public safety and protection of the highways and the crowded condition of the calendar creates an emergency and imperative public necessity requiring the suspension of the constitutional rule relating to the reading of bills on three several days in each House; and said rule is hereby suspended, and this act shall take effect and be in force from and after its passage.

TO PROVIDE FOR FLORAL OFFERING FOR HON. IKE CULP.

Mr. Beck offered the following resolution:

Whereas, The Hon. I. W. Culp of Temple, Texas, who has served in this House of Representatives as a distinguished member and whose further great services to this State has consisted of having provided this House with its very capable Parliamentarian, now is seriously ill at his home in Temple; therefore be it

Resolved, That the Speaker be requested to send flowers by way of expressing the best wishes and high esteem of this body.

Signed—Beck, McCombs, Kemble, Montgomery, Pool, Hogg.

The resolution was read second time and was adopted.

TO PROVIDE FOR CERTAIN COMMITTEE TO CONFER WITH NEW MEXICO OFFICIALS.

The Speaker laid before the House, for consideration at this time, the following resolution:

S. C. R. No. 15, Authorizing and directing the President of the Senate and the Speaker of the House to appoint a joint committee to be composed of two members of the Senate and three members of the House, which committee is authorized and directed to confer with a like committee to be appointed by the

Legislature of the State of New Mexico, with a view to settling and adjusting property rights of persons affected by the decree of Supreme Court of date April 9, 1928, in the case of the State of New Mexico against the State of Texas, and to make such recommendations to the Legislature as they may deem wise and proper for the solution of this matter, and to provide for the payment of the expenses of said committee.

Whereas, On December 18th, 1850, the southwestern boundary of the State of Texas, between the parallel of 32 degrees North Latitude on the north and the mouth of the Rio Grande on the southeast followed the center of the Rio Grande, and

Whereas, On August 4th, 1854, the center of the Rio Grande was made the eastern boundary of the territory of New Mexico from the parallel of 31 degrees 47 minutes North Latitude to the parallel of 32 degrees North Latitude, and such boundary was also the western boundary of the State of Texas, between said parallels of latitude, and

Whereas, The boundary between the Territory of New Mexico and the State of Texas as thus established was a river boundary subject to the ordinary principles of accretion and avulsion as applied to river boundaries generally, and

Whereas, The application to such boundary of the ordinary principles of accretion and avulsion was at all times recognized by the United States and the State of Texas, in surveying and patenting lands, but whereas, thereafter, because of the description of this boundary contained in the Constitution adopted by the State of New Mexico in 1911, and because of the allegations contained in the answer and cross-bill filed by the State of Texas on the 31st day of April, 1913, in the case of the State of New Mexico against the State of Texas, pending in the Supreme Court of the United States, the Supreme Court rendered a judgment decreeing that the boundary between the State of Texas, and the State of New Mexico between the parallel of 31 degrees 47 minutes N. Lat. and the parallel of 32 degrees North Lat. is now in the position which was occupied by the center of the Rio Grande as it ran on the 9th of September, 1850, and,

Whereas, by such decision lands theretofore lying in the State of Texas, and theretofore granted by the State of Texas, to private owners were placed within the State of New Mexico, and by such decision lands theretofore ly-

ing in the territory of New Mexico and theretofore granted by the United States to private owners, were placed within the State of Texas, therefore be it

Resolved by the Senate and House of Representatives of the Forty-first Legislature of the State of Texas, That the President of the Senate and the Speaker of the House be authorized to appoint a committee of two members of the Senate and three members of the House as a joint committee to confer with the Governor of New Mexico or with a like committee to be appointed by the Legislature of the State of New Mexico, which said committees are hereby authorized and directed at as early date as practicable to investigate the matter hereinabove involved, and if necessary to view the land for the purpose of trying to adjust the matter and make such recommendations back to the Legislature of the State of Texas, with reference to a final disposition of the matter as said committee may deem in their judgment wise and proper for the best interests in the premises. Be it further

Resolved, That all necessary expenses incurred by the committee in the furtherance of the duties assigned to the committee shall be paid out of the contingent legislative fund of the State of Texas on claims properly approved by the presiding officers of the respective houses.

The resolution was read second time and was adopted.

SENATE BILL NO. 135 ON SECOND READING.

On motion of Mr. Palmer, the regular order of business was suspended to take up and have placed on its second reading and passage to third reading,
